

DELTA

**LONGITUDINAL
HEMMING**

DELTA

LONGITUDINAL HEMMING

LONGITUDINAL HEMMING INSTALLATION FOR HOME TEXTILE.

Alignment, edge trimming, labelling, hem formation, sewing.

The longitudinal hemming machine **DELTA** can successfully complete all lengthwise processing procedures with an incredibly high level of quality.

Since 1975 we have increasingly deepened, through a constant and accurate system of research and development, how to get high quality in the process of the longitudinal hemming without compromising efficiency, productivity and flexibility. And so born **DELTA**, the latest generation of longitudinal hemming machine, which combines the use of the most advanced technologies with maximum usability.

State of the art in achieving the greatest goal: customer's satisfaction.

OUTSTANDING INNOVATION AND TECHNOLOGY

The comparison between price / performances of **DELTA** machine is really remarkable.

In order to develop the system, only components with reliable technology and high quality have been used. Flexibility, reliability and final quality of the product are unique and peerless.

FOR BETTER PERFORMANCE AND QUALITY

Uncompromising performance and quality. This has been the guideline to develop the last generation of longitudinal hemming machine. Only through a perfect symbiosis between these two features, it is possible to obtain an installation granting the right efficiency in the production process.

REAL AUTOMATION

The highest technology systems allow to minimizing the intervention of the operator, who, during the working process, mainly plays a supervisory role. This brings to a constantly high quality standard.

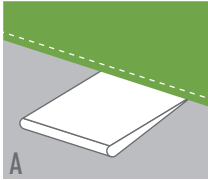

RELIABILITY

The engineering and industrial development, the construction quality of the mechanic and technologic materials as well as Made in Italy, allow having an high reliable installation which grants a constant production on daily basis, thus helping the payback of the investment.

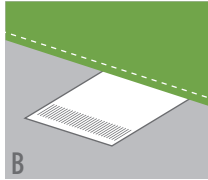

CUSTOMIZE AS PER YOUR REQUIREMENTS

Label options

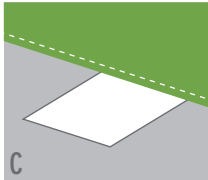

A

Folded label

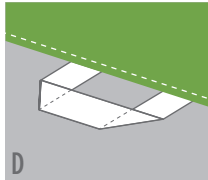

B

Bar coded label

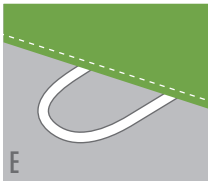

C

Flat label

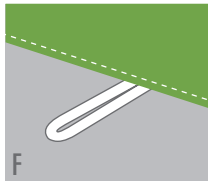

D

Delta shaped label

E

Hanger label

F

Loop label

Sewing options

- Chainstitch
- 2-needle Chainstitch
- Lockstitch

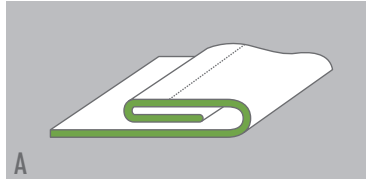

Hem width options

Standard from 6 to 10 mm.
Further widths on request.
