CROSS CUTTING CROSS OVEREDGING (BANDING)

CROSS CUTTING CROSS OVEREDGING (BANDING) INSTALLATION FOR RUGS AND CARPETS.

Centring of the fabric, dimensioning, cross cutting, edge trimming, labelling, sewing, stacking. The MAGETRON **LAMBDA** takes over the complete processing procedure with extraordinary performance, uncompromising quality and flexibility.

Since 1975 we have increasingly deepened, through a constant and accurate system of research and development, how to get high standards of quality in the cross cutting cross overedging (banding) process without compromising efficiency, productivity and flexibility.

LAMBDA, the latest generation of cross overedging machine, combines all these characteristics being based on the most advanced available technologies and innovative systems.

State of the art in achieving the greatest goal: customer's satisfaction.

BEST PRICE-PERFORMANCE RATIO

Extraordinary efficiency and reduced to a minimum manual operations allow having high productivity on a daily basis.

The price-performance ration of **LAMBDA** is remarkable.

QUALITY OF THE OUTPUT

The **LAMBDA** machine combines the cross cutting and cross overedging (banding as optional) in a single process which, thanks to high technology, to the optimization of the production process, to the high construction standards, has brought to an outstanding quality of the final product.

FLEXIBILITY AND VERSATILITY

The different optionals which are available on this machine allow to adapt the production depending on the final needs.

The modularity of the optionals gives the chance to have a complete flexibility and versatility. Additions and upgrades are possible any time.

CUSTOMIZE AS PER YOUR REQUIREMENTS

Dimensioning options

COLOURED LINE

Fabric webs with printed coloured line or with woven-in coloured thread. Optical sensors detect the coloured line providing perfect alignment and cutting.

PRE-FIXED SIZE

Fabric webs with dimensioning and cutting at pre-fixed size. Set directly the product size in the touch screen panel.

Band options

Single fold

Double fold

Tape width options

Standard from 30 to 100 mm.
Further widths on request.

Remote assistance

The latest technology capable to ensure the best technical support from off site, on-line monitoring and remote diagnostics.
